

Dance Inspire

Convention Studio Tour

Bringing the movement to you!

Dance 2 Inspire is not just a name...for us it is an action. We strive to use dance to inspire the next generation to not only become better dancers but better people. We are made up of choreographers from all over the country, with loads of experience from SYTYCD and AGT to Movies, Music Videos, and working with artists. We want to bring our knowledge and experience to your studio. Combining the history, foundations, and choreography, we created a unique experience that we hope will go beyond the studio walls.
